TRAVELING THROUGH THE YEAR

Stop, Look and Listen to the sights and sounds of Mineral Wells High School 1984-85. STOP — and remember the good times. LOOK — at the way we were. LISTEN — to the times we shared. Now, move on down the road with us.

Along with the beginning of a new school year comes new changes. This year a 70 is required for passing, all seniors will have to take final exams, you must have report cards signed and returned to the school. Tobacco will not be allowed on campus, and no sunglasses in the building. We have learned to adapt to these new changes and have accepted them without much hesitation.

We ARE Family / Ha Ha

GO

No matter what road we choose to go down in our lives, we all have a certain one in common. RAM BOULEVARD. Each day, this road takes us around to the place where we spend four of the most important years of our lives. Each one of us has days when we feel as if we can't make it over the next hill and other days when we feel like we're cruising at top speed. Ram Boulevard isn't just a name of a road, but is in a special place that we will cherish for the rest of our lives.

Don't make that CRAP in my book! That's my friend! Year!!

Homecoming "pep" um... look at the pretty "sweaty" hair us "white" fake hair

Page 6 —

Upper Right — A pleasant day at MWHs creates a pleasant mood for Margaret Kite. Middle Left — Denise West, Scott Moore, Jason Laughlin and Heidi Havener. Camera shy? No Way! Lower Left — the Fightin Rams and the Cheerleaders show school spirit during the Alma Mater in the Homecoming Pep Rally. Lower Right — Amber Ford, Senior, discovers the world's smallest joke book in Biology II.

Page 7 —

Upper Left — Hope Prestwood and Jason Moore know the only thing that kept us going through the rainy season was the high spirits. Middle Left — Junior, Rita Cobb has that *one* special guy on the phone again. Middle Right — Sophomores, Jeff Roe, John Layman, Shawn Lewis and Brandy Hamric all say "I Wanna Rock." Lower Right — Gayle Pewitt's outward expression expresses her inward beauty.

Ahhh. There you are.
Enjoying the quiet life at
MWHS. You're
cheering on the Big
Red Rams at an
exciting, *long* pep
rally. Seniors are
taking a college day
where maybe you
didn't *quite* make it to

the college of your choice. Some various club members are
enjoying a well deserved break from their classes on the
annual field trip. All of a sudden, WHAM!, your dreams are
shattered by Ross Perot and house bill 72. Yes, things will
never quite be the same at good 'ole MWHS.

Happy Birthday
to Me!

SCHOOL

DEER

CROSSING

Though MWHS is falling apart there is one thing that keeps us together...

GIRLS!!!

Our campus comes alive with their laughter.

They have the power to lift your spirits high or take you down with one glance.

The shape and size of the package makes no difference.

Each one is an individual and holds her own special spell on the world.

The girls at Mineral Wells High School are very unique people and hold a special place in our hearts.

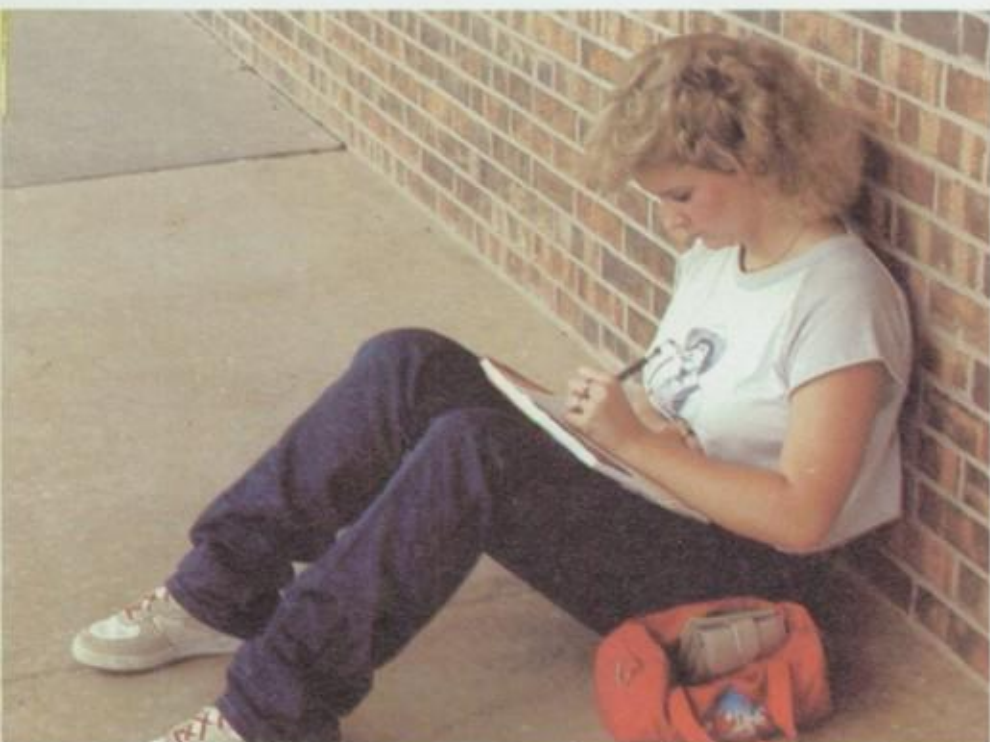

That's Right

MEN AT WORK

Just hearing the word "work" makes us all want to run and hide, but it is something we've all learned to accept. When the band and drill team go to contest, their work shows when they come back with superior ratings. UIL members and athletes strive hard and they always do well. The cheerleaders work hard to give the student body a good pep rally each week and to get football fans to cheer at the football games. Students worked harder than ever this year to keep their grades up. No matter what kind of work we have to do, we all know that all of this hard work pays off in the end.

Page 12

Upper Right: Randy West, Freshman, knows that practice and dedication make up a Sweepstakes band. Middle Right: Sophomores Amy Jones and Cynthia Burns know it takes a lot of studying to keep the grades up. Lower Left: Trying to get the Junior class to cheer is a tedious task for seniors Joe Reyes and Carin Caliman. Lower Right: Juniors Brent Fuller, Cole McKennon, and Senior Will Warren work on the ultimate driving machine.

Page 13

Upper Left: Freshman Jennifer Glidewell finds it hard work just to stay awake in class. Upper Right: Becky Klingensmith, senior, practices her prose reading for UIL. Middle Left: Junior Kim Cason takes time off from lunch to study hard on her school work. Middle Right: The Wrangleretts' hard work shows at the halftime show during the football games. Lower Left: Seniors Scarlet Moore, Scott Moore, Kelli Schrank, Denise West, juniors Lisa Rutherford, Jason Laughlin, and sophomore Patti Goen know that this kind of work isn't all that bad.

LIFE IN THE FAST LANE AT M.W.H.S.

CARS . . . the teenage necessity. The car to the teenager is not just transportation. It is one of the first means of freedom. To the guy it is a way to that special girl. To the girl it is a way to visit friends and pass by the certain guy's house. The car is identification, security, and most of all fun. It matters not if it is a clunker or the latest 85 model. It is the object the teenagers dream, and their most essential element.

This year has been one jammed full of changes and adjustments for everyone. But even in a time of such change there is the rule that remains the same — SHOWING AFFECTION — students are asked not to openly express their affection on campus, or to place themselves in a position for a teacher or principal to reprimand them for expressing their affection to each other. NO PASSING ZONE IS RIGHT! A lot of rules have changed, but at least one remains UNTOUCHED!

FOREIGN TRAVELERS

terrible, terrible picture —>!
Believe me, Carin, I was
happier here than that —
A LOT happier!

This year we have two foreign exchange students at M.W.H.S. One of them is Anne Kähkönen. She is from Vantaa, Finland, which is next to Helsinki. She is eighteen years old.

Anne came to America because she wanted to learn the language and learn more about the United States. She also wanted to experience all the different cultures and widen her view of the world. She felt she needed to try her own wings.

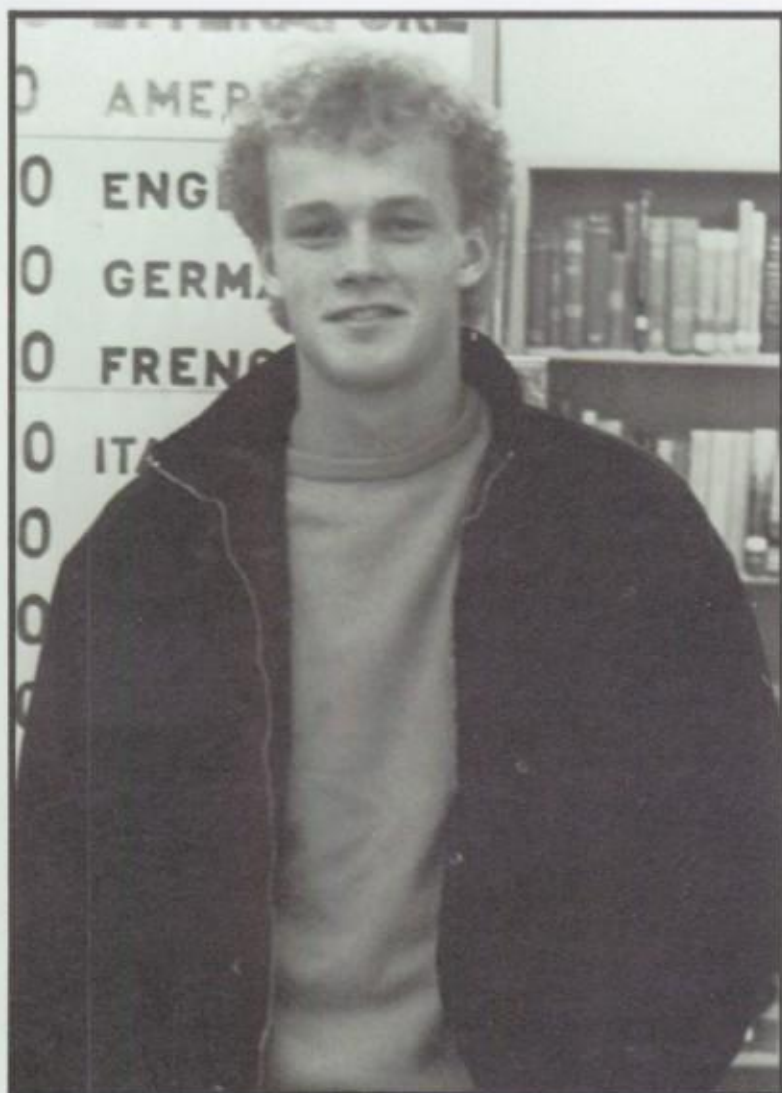

Anne is staying with Mr. and Mrs. Sweet. She says that the schools here are easier. Over there, nine years are required, but an additional three years is required to get into college.

She observed that the people here are friendlier and more caring here. The people over there seem to be more distant.

Some of the things she likes about America are the people and the pleasant lifestyles. She says the summers are too long and hot, though. She misses the snow, but she does not like the snow here because there is too little and it is too wet.

Some of the differences she pointed out are that we eat more junk food. They have no Valentines Day or Halloween. She says we take religion more seriously.

Anne is leaving sometime in June and plans to finish high school and then maybe go to college either in Finland or America. She wants to go as far as she can to reach the top, but will not get married.

Our other foreign exchange student is eighteen year old Per Mattias Netzell from Kalmar, Sweden. Per came to America because he wanted to get some experience of foreign countries and to learn to speak English better.

Per is staying with Mike and Carol Durkee. He says the schools are easier here. He likes all of the clubs and sports we have here, especially football.

He says the people and the lifestyles do not differ much from Sweden, but they do not have cowboys in Sweden.

Some of the things Per likes about the United States are football, Mexican food, and rock concerts. He likes the climate here because it is warmer. The summer is longer and the winter is shorter.

Per is leaving June 18th. He plans to finish the two years he has left in high school and then he wants to come back here and go to college.

DEDICATION

Mineral Wells High School is fortunate to have a bubbly, creative, and concerned teacher named Patricia Harrington. Her enthusiasm for life carries over into her daily routines.

Miss Harrington was born and reared in Mineral Wells, Texas. She was a 1967 graduate of Mineral Wells High School. She attended Tarleton State University and received her Bachelor of Arts degree in 1971. She later attended East Texas State University where she received her master's degree in 1980.

Having begun her teaching career at MWHS in 1972, Miss Harrington has taught business related subjects including typing, and shorthand. Though she devotes much of her time to teaching, her creative talents are also evident. She has applied talents to designing sets for the yearly Coronation programs at the high school. She also creates unique bulletin boards, writes calligraphy, and experiments with numerous other crafts.

Music assumes an important place in Miss Harrington's life. She is pianist for her church, and she directs a youth choir.

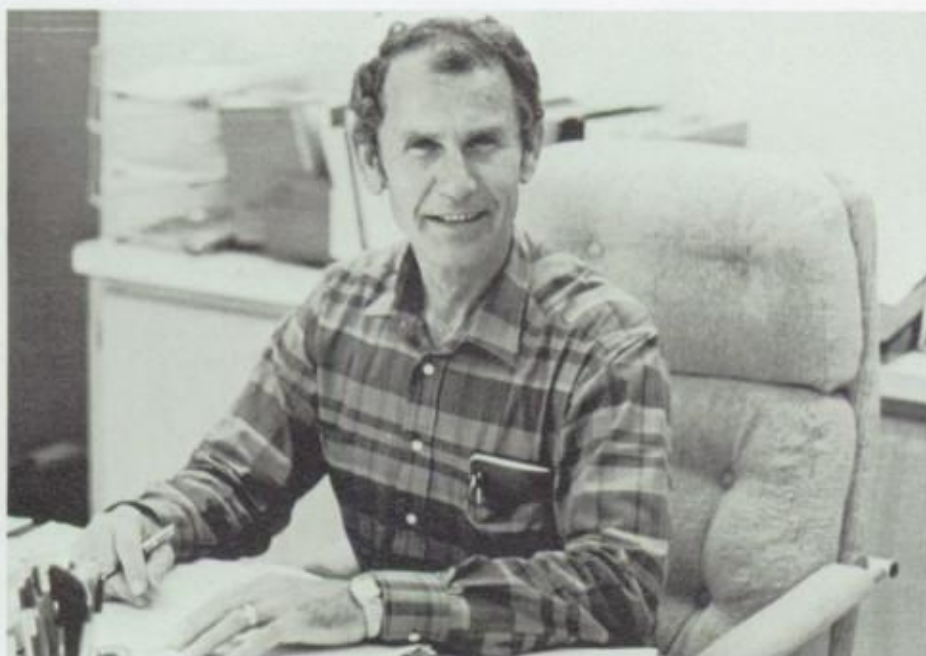

Currently, Miss Harrington is a member of the Alpha Delta Kappa, an honorary sorority of woman educators. She is also a member of the Texas State Teachers Association. She has held offices in both local organizations.

Concern for young people, generously giving her time to others, devoting her energies to make others lives happier, she has certainly earned the right to be recognized by students. Therefore, we are dedicating the 1984-85 issue of the Burro to Miss Patricia Harrington.

Fourth Row: Kenneth Warren, William Link, Betty Hawkins; Third Row: Barbara Stevens, Chrystal Bradford, Frances Burns; Second Row: Kay Darnell, Elizabeth Lindley, Sarah Champion; Front Row: Leslie Dhane, Rodney Young, Jody Harris; Not Pictured: Darrin Logan

Betty's Specials is one of the busiest groups around. Under the direction of Betty Hawkins, these students learn to sew, to make attractive decorations for banquets and parties, and to cook. Their Valentine flower arrangement sale at the mall each year is their money making project. With the proceeds from these sales, they take an overnight camping trip, go to Six Flags, have a beautiful Senior Banquet, and participate in the Coronation of the Queen.

Upper Right: Les, William and Rodney are relaxing between class changes. Lower Right: Our favorite class is home making. Kay, Elizabeth and Frances like to eat what they make. Lower Left: Jody is enjoying listening to Kenneth "tickle those ivories." Upper Left: Sarah and Crystal are busy cleaning house for company.

FAVORITES POLL

This year's Favorites Poll had record responses. For some questions, we even received 1,000 answers. The poll was taken during our homeroom classes. This was something fun for the staff, (except the endless days of counting votes) and we hope it was enjoyable for you. We had many interesting answers, but some had to be censored. Thank you for your help in remembering the different roads we took in our 1984-1985 school year.

Presenting . . . the 1984-85 U.I.L. class. We are indeed, a unique group of people. Our purpose is to maintain individualism, while remaining united as a "family." We are very close to one another and we can share our joys as well as our sorrows freely, without fear of anyone's telling anyone. We are on a never-ending quest for readable contest selections. We practice daily to prepare to the fullest for U.I.L. competition. Our activities are not limited to all work though. We play a lot too. Other activities included lists as "I would if I could . . .," improvisational acting, free writing, and yes, "celebrations" from time to time. But let us not forget our "most favorite" event — FRIDAY HUGS!!!

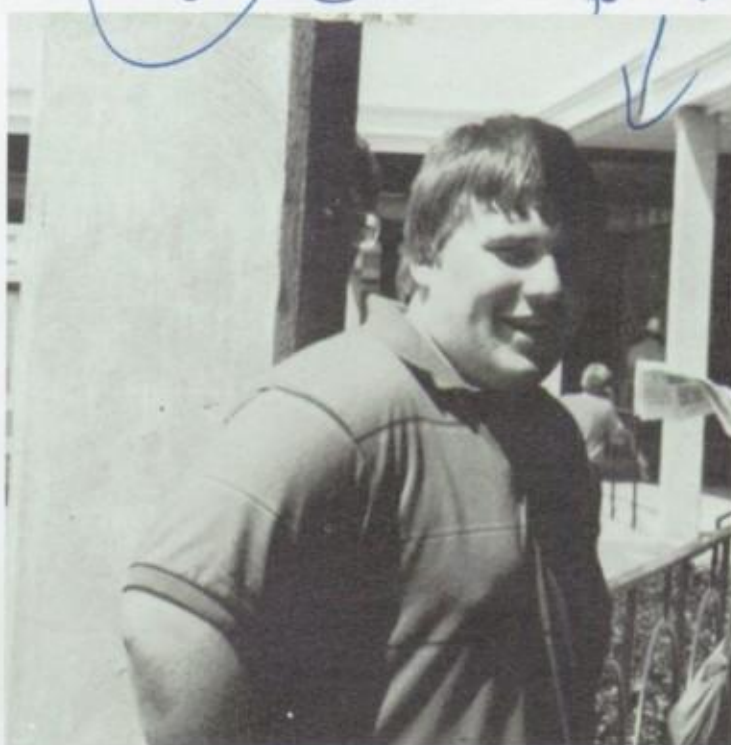

We know we speak for the whole class when we say "this class has helped us grow in so many ways."

We extend our warmest love and gratitude to the one lady who inspires us. *MAMMA FORD*.

We'll miss you all — Best of luck next year!!!

Starting the year with a kidnapping party to welcome new members. The choir then busily prepared for the crazy water festival and open house. In Nov. the Choir sang for the veterans day celebration as well as their fall concert on Nov. 15. The month of Dec. proved a busy month for both ensembles. On Dec. 8th and 9th K-scope toured to Austin to perform at the Hyatt Hotel, The White Ston Retirement Home and Saint Theresa Church. On Dec. 11 the Choir presented their annual Christmas concert with special guest Lee Cadets and the Junior High Choir. With a new year the Choir prepared for U.I.L. solo and ensemble contest and choral competition. I am so sorry for messing up that page!
I got confused! I am so glad you are working
with me at SMC. It's going to be fun! Even if
I didn't know you well before, I'll know
each other by the end of the summer. You are a
very sweet person, I would have been happy to be
your roommate at Tech! I hope you don't get sick
of listening to me this summer! Thank you for
being my friend. This year was so fun! We shared
in some good memories. I'll never forget being
the first official 'Ram. That was GREAT!!!
We'll keep in touch next year okay! Good luck
in your future, you deserve the very best! "You are
never given a wish, without the power to make it
come true!" Remember that Dr. Coleman!! Good
Bless You Always!

I Love You,

Kim

Get it all with a new Suzuki GS 1100, and get a great deal besides. For the high excitement of low-slung boulevard cruising, there's the shaft-drive GS 1100GL. For precise handling and brutal, arm-straightening power, there's the race-bred GS 1100E. And for the best of both, there's the shaft-drive GS 1100G that's great for

cutting across town or cruising 'cross the continent. The power's provided by high-reliability, low-maintenance DOHC engines with electronic ignitions. And they're priced for a quick deal — provided you get to your local Suzuki dealer before everybody else does.

The Sensation of Suzuki.

Carin.
 Hey Sweet heart!
 Well, I guess this is
 it, all except for a few
 more days. I never thought we'd
 make it. It seems like only yesterday
 we were first graders. We've
 had a lot of good times (wait a minute
 some had one's too but
 it's worth remembering. I'll
 be a young lady, (sing
 now) we've had some when we were
 only the good are worth remembering. Ha Ha! (sing
 always remember "The Caliman Twins!" I hope you
 and her friends and you don't have too much and don't
 do anything that you wouldn't. (The) I remember when we were
 little, big mouth girls and as a young lady, (just
 kidding). Seriously, you've grown up to be a young lady, (just
 and you'll make a harvest, so be sure in the world, and as a young lady, (just
 a seed, reap all the good things in the world, and as a young lady, (just
 wish you all deserve them and don't let any life more people than you do, so
 that anyone sweet (like me) and don't let any life more people than you do, so
 stay sweet in what I mean, the name of Jesus with
 the know you can't take him.) Sad unless + keep
 touch O.K.!

Love ya,
 Cora

MY CREED

"I do not choose to be a common man. It is my right to be uncommon. I seek opportunity to develop whatever talents God gave me — not security. I do not wish to be a kept citizen, humbled and dulled by having the state look after me. I want to take the calculated risk; to dream and to build, to fail and to succeed. I refuse to barter incentive for a dole. I prefer the challenges of life to the guaranteed existence; the thrill of fulfillment to the stale calm of utopia. I will not trade freedom for beneficence nor my dignity for a handout. I will never cower before any earthly master nor bend to any threat. It is my heritage to stand erect, proud and unafraid; to think and act myself, enjoy the benefit of my creations and to face the world, boldly and say — This, with God's help, I have done. All this is what it means to be an American."

Traveling across the nation one comes in contact with many different people from many different cultural backgrounds, some of which attend Mineral Wells High School. These people make school a more interesting place. They add flair to our everyday lives. They express themselves in the way they act, the way they talk, but most of all the way they dress. Here we see Dwain Eaton in his usual cowboy garb, hat and all. Sittin' pretty next to Dwain is Tracy Dempsey in the more feminine version of cowboy, or should one say, cowgirl attire. Kevin Poole is next showing off his new wave style, while Valayna Scott, "prep-ette," finds something very interesting in her Co-Ed magazine. Per Net, always a sharp dresser, shows us his continental style while Tammy Fry indulges in the Cosmopolitan look. Shan McKay, always a bit bizarre, but always in style attracts the attention of Sam Perez in his zippered shirt and dangling earring. Tami Snyder reads over Pers shoulder all about Travel & Leisure . . . one of Tami's favorite styles? Leisure! Fresh dent jock, Jim Addison, is presently attired in sweats and looks ready for a workout. Joelle Beasley shines in her fluorescent sweatshirt and brilliant pink pants.

THE JOURNEYS END

THE ROAD NOT TAKEN

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;
Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same,
And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I —
I took the one less traveled by,
And that has made all the difference.

— Robert Frost (1874-1963)

Thanks for being such a good friend! We've had some really good times together! Remember Sammy in the bathtub!?! That was so funny. And remember when you and Kelli tried to help me do a flip-flop, sorry I didn't get to cheer with y'all! That's OK. Though cause I was havin fun while y'all were out on the field! You're a very special person and you're always full of laughter and fun! You always make me in a good mood and I'm gonna miss having you around next year! I love you and Dad Bless you!
